Gainesville Daily Sun

VOL. XXII, NO. 57 GAINESVILLE, FLORIDA, FRIDAY, APRIL 14, 1905 TEN CENTS A WEEK

NAVAL BATTLE IS NOW BEING WAGED

No Report Has Been Received At Russian Capital.

DETAILS OF FIGHT ARE LACKING.

Admiral Togo Has, According to Reports, Thoroughly Organized His Squadron—Position of the Armies In Manchuria—Other War News.

Amsterdam, Holland, April 13.—A fight is now in progress near the Anabas islands, east of the Malay peninsula, according to a telegram from Batavia, Island of Java, to The Handelsblad (newspaper). The dispatch adds that five Dutch warships are near the scene of battle.

News at St. Petersburg.

St. Petersburg, April 12, 4:38 p. m.—The admiralty has no information in regard to the alleged naval battle in progress off the Anabas islands, as reported to a newspaper of Amsterdam from Batavia, and does not credit the possibility of a general naval battle yet. The officials concede, however, that the Japanese may have attempted a torpedo boat attack on a convoy during the night. It is pointed out that there is no cable connecting the Anabas islands and the Batavia, and that the first news of a fight should come from Singapore unless the Dutch warships are able to communicate with Batavia by wireless telegraphy.

Admiral Togo Ready For Battle.

New York, April 13.—It is guardedly admitted in Tokio, according to The Express correspondent here, says an American dispatch from London, that Admiral Togo has completed his battle organization by dividing his fleet into his squadrons, flying, main and reserve. The flying squadron, made up of his fastest cruisers, already is scouring in the China sea and will open the fighting. The main squadron, made up of most of his battleships and armored cruisers, is to follow into action; the reserve squadron, comprising the remaining battleships and cruisers, will complete the attack if necessary and guard against any attack in the rear.

German Collier Held at Singapore.

Singapore, April 13.—The German collier Hindoo, now at this port, loaded with 4,200 tons of Cardiff coal for the Island of Tanjong Pandan, has been refused clearance papers for Saigon, unless her commander gives bonds to deliver her cargo through the British consul here. A guard has been placed on board the steamer. The Straits Times today publish from Batavia, Java, confirming on good authority, the statement that there are no Russian warships at Muntok, Island of Banka.

News From Manchuria.

Tokio, April 13.—Reports received here from Manchuria indicate that the Russians are concentrating their troops and strengthening the Changtun line. General Madridoff's force continues in touch with the extreme Japanese left. Skirmishes are frequent and may possibly develop in to an engagement.

It is reported that the Russians have armed the convicts of the island of Shakhalin, promising money and freedom to those fighting bravely. This, it is added, brings the garrison of Sakhalin up to a total of 3,000 men. It is doubted, however, that Russia will attempt to hold the island.

Courtmartial For Russian Admiral.

St. Petersburg, April 12.—The demand of Rear Admiral Prince Ouktomsky for a courtmartial has been granted. The court will consist of four admirals, Admiral Dikoff presiding.

Prince Ouktomsky succeeded Rear Admiral Withoeft in command of the Port Arthur squadron when the latter was killed in the naval battle of Aug 10. It has been claimed that the prince did not carry out the orders previously issued by Admiral Withoeft, not to put back to Port Arthur.

'GOOD BYE, SUCKERS, GOOD BYE"

Is the Farewell Salutation of a "Get-Rich-Quick" Concern.

Kansas City, April 13.—The American Mercantile association, alleged to be a "get-rich-quick" concern, with offices in a downtown office building, has been closed and this notice posted on the door:

"Good Bye, Suckers, Good Bye."

The whereabouts of the officers of the association is not known. The company's head office was at St. Joseph, Mo., and from there a notice had been sent out to its subscribers, announcing the suspension as follows:

"The officers of the American Mercantile association takes this means to announce to you that the business of said corporation has been suspended, and that it will be unable to complete or carry out its contract with you."

When this notice was received by the Kansas City subscribers, the majority of whom are laboring people, they flocked to the concern's offices. Many pitiable scenes were enacted.

The subscribers had agreed to pay $1 a week for 80 weeks on the promise that they were to receive $100 at the end of that period. Many working girls and laborers had been making payments for months past. One woman had paid $7.50 a week for 60 weeks, and expected soon to realize $720.

SWALLOWED HIS FALSE TEETH.

Famous Sculptor is Recovering From Operation That Was Performed.

New York, April 13.—Charles H. Niehaus, the sculptor, is recovering from an operation for the removal of two false teeth attached to a rubber plate which he swallowed while laughing in Cincinnati six weeks ago. The obstruction was found imbedded in the aesophagus, far down behind the breastbone.

Sustained solely on artificial nourishment, and constantly in pain, the sculptor suffered greatly before the operation was decided on. When he was brought to this city late last week the specialists turned the X-Ray on and located the plate, which was of hard rubber. Nothing but the shadow of the upper rim showed above the breastbone.

The surgeons made an incision, cut the aesophagus, carrying it away down to the breast bond. The rubber plate was as tightly jammed between the walls of the gullet as though hammered, while the sharp teeth were deeply embedded. It was, however, easily removed, and Mr. Niehaus is now rapidly recovering.

DROPS DEAD IN COURT ROOM.

One of Georgia's Most Prominent Lawyers Dies Suddenly.

Atlanta, April 13.—Hon. Washington Dessau, one of the most prominent attorneys of Macon, dropped dead in the court room of the supreme court of Georgia at 11 o'clock this morning.

Mr. Dessau was attending the supreme court to represent several clients, the Macon circuit being up for argument.

He has been a foremost figure at the bar of Georgia for many years. He was a member of the firm of Dessau & Harris, of Macon, one of the leading firms of Georgia.

Mr. Dessau was apparently in the best of health, and was making a speech to the supreme court, when he suddenly fell dead. A wife and several children survive him.

Fire in Georgia Town.

Nashville, Ga., April 13.—Fire, supposed to have been of incendiary origin, broke out yesterday and destroyed about $10,000 worth of property. This is the first serious fire Nashville has had in many years. The fire was under such headway when discovered that the most prompt action could not save the buildings.

ONE PERSON DEAD; SEVEN ARE INJURED

Grand Rapids, Mich., Swept By Fierce Conflagration.

SLEEPING WHEN FIRE STARTED.

Heroic Work by Man Saved the Lives of Many Who Were In Burning Building—Fire Spread Very Rapidly. Cause is Unknown.

Grand Rapids, Mich., April 13.—One person is dead and seven injured as the result of a fire early today in a saloon and boarding house at the corner of Broadway and Elizabeth streets.

The dead:

May Herrick, aged 8 years.

The injured:

Mrs. Charles N. Herrick, the child's mother, fatally.

Charles N. Herrick.

The 2-year-old child of Mrs. Herrick.

Thomas Norris.

Ada Norris.

Charles Anderson.

Jack Ward.

The fire was discovered by Mrs. Herrick, who aroused Thomas Norris and then began struggling through the smoke and flames to reach the room where her children were asleep. Norris could not force his way through the fire from his room to the hall, and jumped from a second story window, breaking his arm when he struck the pavement. Ignoring the injury, he raised a ladder to the window and went to the rescue of Mrs. Herrick and her children. He brought the woman, who was badly burned, and her 2-year-old boy, down the ladder, but meanwhile the fire spread so rapidly that Norris could not get into the room again to rescue the 8-year-old May. Her burned body was found by the firemen. While Norris was rescuing Mrs. Herrick and her child Ada Norris, Jack Ward and Charles Anderson jumped to the ground from the second floor and all of them sustained injuries.

DEATHS RESULT OF RIOT.

Strikers in Pennsylvania Coal Mines Fire Upon Non-Union Men.

Pittsburg, April 13.—Dispatches received here from Hibbing state that rioting which resulted in the death of two miners, Elias Hankinen and John Eckdahl, at Hibbing late yesterday followed a strike of the miners at Hull and Rust mines, who were refused an advance in pay of 25 cents a day. The men had been getting $1.75 and wanted $2 per day.

Their demand was refused by Superintendent Mitchell. The men left the mines and forced the men out at Sellers mine, and then went to the Olin iron mines, where 700 men were employed. This mine was also closed. They also forced the day crew employed by Porter Bros. at the Burt stripping contract out, and having effected a complete tie-up, went to the village feeling jubilant.

Meanwhile preparations were made for strenuous resistance by the contractors. A large number of rifles were sent to the Burt mine. When the night crew went to work a body of strikers opened fire on the workmen. The latter returned the fire immediately. This staggered the strikers, who wavered a few moments and then fled, leaving their dead on the ground. It is estimated that 500 shots were fired.

Little Girl Burns to Death.

Charlotte, N. C., April 12.—The 9-year-old daughter of James Harris of Cliffside, this county, was burned to death yesterday. The child was playing about the house when her clothing caught fire. She was enveloped in flames when her mother arrived, and was horribly burned before the fire could be extinguished. The little girl died in great agony a few minutes later.

ALABAMA SENATOR KILLED.

In Company With Deputy Sheriff Was Trying to Oust Man From Land.

Cullman, Ala., April 13.—State Senator R. L. Hipp, an attorney, was shot and instantly killed and Deputy Sheriff J. H. Dunlap was so badly wounded that it is thought he will die, by John W. Williams, 20 miles east of this city.

The officers had gone to the Hipp place to oust Williams from a tract of land which he lost in a lawsuit. When the men approached the house Williams shot Hipp in the head, killing him instantly, and shot Deputy Dunlap through the breast.

Williams remained in the house whistling, and said he would stay there until he died. A posse of 40 or 50 men from Cullman has gone to the scene with vehicles to bring back the dead and wounded. Williams is a man of large family, and is about 50 years of age.

HOBSON MAY MAKE RACE.

Now Looking Into His Chances For Being Governor.

Opelika, Ala., April 13.—Captain R. P. Hobson was in this city en route to Montgomery, where he expects to get sufficient insight into the political situation in this state to enable him to determine whether he will run this year for governor.

It is understood that he has very decided gubernatorial aspirations, and when approached upon the subject said:

"I shall be in the political fight, whether a candidate for governor or not, as I expect to be deep in every political fight in the state as long as I live. I am not prepared to state whether I shall be an active candidate for the nomination, as I am not sufficiently well informed as to the present status of affairs here. I like political work, but it comes high, cutting heavily into my lecture work."

Dispensary Coins Money.

Rome, Ga., April 13.—The annual report of the Rome dispensary has been made public and shows that concern to be the biggest kind of a money maker. The total sales for the year amount to $170,502.66. Amount of profits to the city and county for the year is given as $39,613.04. That amount is the net profit after all salaries and operating expenses have been deducted. The present stock, which is an average, is given as $21,333.99. Of the profits shown $1,292.45 comes from the sale of empty bottles and barrels. Since its establishment the dispensary has paid the city and county $75,813.04.

Will Try Negro Assailant.

Decatur, Ala., April 13.—The spring term of the circuit court will convene in this city on next Monday, April 17, with Judge D. W. Speake presiding. The grand jury will meet on Monday morning and the most important case to come before that body will be the investigation of the alleged crime against the negroes Collier and Smith, who are now confined in the Jefferson county jail, charged with having assaulted and murdered Miss Belle Bloodworth of New Decatur, on the night of Jan. 21 of this year.

Alabama Drummers Meet.

Mobile, Ala., April 13.—The twelfth annual convention of the Travelers Protective association of Alabama convened at 10 o'clock today with a large attendance. Mayor P. J. Lyons made the address of welcome, with a response by President Dewess of Birmingham. Reports of officers show the association to be in a flourishing condition.

Shoots Wife, Then Kills Self.

New York, April 13.—Because his dinner was not ready when he returned from business, John Kirand, a Hungarian shopkeeper, has shot and probably fatally wounded his wife and then sent three bullets into his own body. He also will die. The couple's 5-year-old son, who witnessed the tragedy, summoned the neighbors.

SMITHS MUST FACE SERIOUS CHARGE

Wanted In Connection With Nan Patterson Trial.

PRISONERS ARRIVE IN NEW YORK

Morgan Smith Gives Out a Statement Denying Any Connection Whatever With the Murder of Caesar Young, the Bookmaker.

New York, April 13.—J. Morgan Smith and his wife, who were brought here from Cincinnati yesterday to answer a charge of conspiracy with Nan Patterson to obtain money from Caesar Young, will not plead to the indictment until next Friday. They were arraigned in the court of general sessions today, but upon request of their attorney the case was continued. They will remain in custody in the meantime, not being able to furnish bail in any amount, according to the statement of their council in the court.

The continuance was asked by the Smiths through their attorney to permit them an opportunity to examine the minutes of the grand jury which indicted them on the conspiracy charge. Abraham Levy, counsel for Nan Patterson, a co-defendant with the Smiths, and who also is awaiting trial for the murder of Caesar Young, asked permission to be heard in the proceedings. He said that he desired to join in the request to inspect the minutes of the grand jury in the conspiracy case in behalf of his client. He requested Assistant District Attorney Rand to waive the usual notice of motion to the district attorney, but this Mr. Rand refused to do.

"I don't know your motives," said Mr. Rand. "You may state facts that I may wish to controvert."

The court finally gave Mr. Levy one day instead of two in which to notify the district attorney, making the motion returnable tomorrow. At that time the arguments will be made and Miss Patterson will be arraigned on the charge of conspiracy.

Bail for the Smiths was fixed at $5,000, but on protest by their counsel Judge Foster said he would take the matter of a reduction in the amount under advisement and would announce his decision later in the day.

Before being taken to the Tombs prison Smith made a statement, in which he said:

"I am very glad to be back in New York. The name of my family has been besmirched. I have not had a chance to clear it, but I will. My movements on the day the pistol was bought are very easily traced. I had written them out, naming every person I had met that day that I knew. The record was in the trunk which was confiscated in Cincinnati and is now in the possession of the district attorney. I am very grateful for the district attorney having it.

"I did not buy that revolver, and I defy any one to swear or identify me as the man."

Southern Druggists In Session.

Birmingham, Ala., April 13.—The Southern Wholesale Druggists' association met here yesterday in semi-annual convention, with delegates present from all the leading cities of the south, including New Orleans, Memphis, Nashville, Knoxville, St. Louis and other places. About 40 delegates were present. The convention is chiefly for an exchange of views and to arrange for the annual conference to be held in New York in October.

Attorney Darrow In Charge.

Chicago, April 13.—Mayor Edward F. Dunne today appointed Clarence S. Darrow to have charge of all the traction litigation of the city. Mr. Darrow represented the mineworkers in the hearings before the commissioners named by President Roosevelt to settle the great strike in the anthracite coal fields.

SENATE AND HOUSE WILL HAVE RECESS

Adjourn Tonight for a Visit to the Deep Water City.

NEW BILLS IN BOTH HOUSES

Railway to Key West—Appropriation for Maintenance of State Government—Senate Confirms the Appointment of Judges by the Governor.

Special to The Sun:

Tallahassee, April 13—When the Senate convened yesterday morning, a resolution was adopted to adjourn from Friday evening until Monday.

The arrangement for a visit to Pensacola by the Senate and House was agreed to and committees to arrange for same appointed.

The following bills were introduced in the Senate and referred:

Mr. Blount—A bill to define tenancies at will.

Mr. Massey—Making appropriations for maintenance of State government.

Mr. Alford—To amend the laws of Florida imposing licenses and other taxes.

In the regular order of business the Senate reached the consideration of several bills on their second reading, including two bills providing for amendments to municipal charter laws.

Mr. Harris' bill to authorize municipalities to license public hacks, drays and other vehicles was read the second time and ordered engrossed.

Under a waiver of the rules Mr. Harris' bill prescribing who shall act as police justice of the city of Key West, in the absence of the police justice, was passed and certified to the House.

Mr. Massey's bill applying to the municipality of Orlando passed its second and third readings and then passed. It provides an amendment relating to the assessment and collection of taxes for the city of Orlando.

Mr. West's public school bill by providing State aid, to prescribe conditions, and to make appropriations therefor, was reached on its third reading. The purpose of this bill is to encourage country public schools when the attendance is maintained during the regular school term of upwards of 80 per cent, the State will advance money to operate such school for two additional months. Mr. West estimates that the measure will require an appropriation of $50,000 per annum.

After an executive session the Senate adjourned.

The House.

Tallahassee, April 13—Mr. Harvell's memorial to Congress asking an appropriation of $50,000 for Black Water River in Santa Rosa county, was introduced, passed to its third reading and unanimously passed.

Mrs. Stephens' resolution asking for more committee room was adopted.

The motion in regard to receiving the Confederate flags was passed and it was then decided to reconsider it until the Governor would submit a message on the subject.

New bills introduced as follows:

Mr. Roberts—To prohibit children under 15 years working in factories.

The House concurrent resolution, by Mr. Pirrong of Calhoun, directing the trustees of the Internal Improvement Fund to institute legal proceedings to compel a settlement of the indebtedness of certain railroads and canal companies of this State, was passed over informally.

Mr. Avery's bill, to require street car companies and others in this State to furnish separate cars or compartments for white and colored passengers; to require said companies and others to furnish comfortable seats, well ventilated, heated and lighted cars, and keep white and colored passengers in their respective cars, or compartments; to give conductors and employes of said companies police powers, and to provide penalties for the violation of this act, was read the second time. Mr. Avery offered amendments tending to eliminate from the bill all features save those requiring separate cars or compartments for white and colored passengers. The bill was, upon motion of Mr. Buckman of Duval, ordered printed and made a special order for Friday morning, at 12 o'clock.

Senate Confirmations.

Tallahassee, April 13—The Senate held its first executive session yesterday and confirmed the following appointments made by Governor Broward:

Charles B. Parkhill, to be Judge of the First Judicial Circuit.

John W. Malone, to be Judge of the Second Judicial Circuit.

B. H. Palmer, to be Judge of the Third Judicial Circuit.

R. M. Call, to be Judge of the Fourth Judicial Circuit.

W. S. Bullock, to be Judge of the Fifth Judicial Circuit.

I. B. Wall, to be Judge of the Sixth Junicial Circuit.

Minor S. Jones, to be Judge of the Seventh Judicial Circuit.

J. T. Wills, to be Judge of the Eighth Judicial Circuit.

WASTING AWAY

It's the small but constant loss of flesh that indicates physical waste—the gradual slipping away of healthy flesh, pound by pound, which no ordinary food seems to restore. Scott's Emulsion will restore it. This Emulsion is the greatest flesh builder obtainable. Scott's Emulsion first stops the wasting—that's one gain. Then when it supplies new flesh and takes one back to normal strength and weight, that's another gain and a big one.

We'll send you a sample, free

SCOTT & BOWNE, 409 Pearl Street, New York.

North Gainesville Meeting.

The citizens of North Gainesville held a meeting at North Gainesville Hall last night to discuss the proposed new charter of the city of Gainesville, which is designed to embrace a territory of one and a half miles square in each direction, and which includes the territory of North Gainesville.

It will be remembered that on Monday evening there was held a meeting of the citizens of that progressive burg, when Mayor W. R. Thomas and Attorney Robert E. Davis, in behalf of the movement, addressed the meeting and discussed the benefits to be derived to the people by the passage of this charter. It was decided at that meeting to adjourn until Thursday evening, when the charter would be taken up, read by sections and discussed by the people of North Gainesville, and the meeting was held last night for that purpose.

There are a great many in favor of annexation to the city of Gainesville by this charter act, while others are opposed, feeling that they will be imposed upon in the matter of taxes, the bonded indebtedness, etc. They have been assured, however, that they will not be required to assume a dollar of the present bonded indebtedness of the city, which is only $27,000 net on account of the waterworks, and it is believed that the majority will favor eventually the annexation to Gainesville rather than an independent incorporation of that section.

It is rumored that, should North Gainesville incorporate, C. D. Schafer will be the first candidate for mayor. He is one of the finest stone-cutters in the State.

Ballard's Horehound Syrup

Immediately relieves hoarse, croupy cough, oppressed, rattling, rasping and difficult breathing. Henry C. Stearns, Druggist, Shullsburg, Wis., writes May 20, 1901: "I have been selling Ballard's Horehound Syrup for two years, and have never had a preparation that has given better satisfaction. I notice that when I sell a bottle they come back for more. I can honestly recommend it." 25c, 50c, $1.00. Sold by W. M. Johnson.

Bank Robbed by Little Negroes.

Moultrie, Ga., April 13.—Three negroes, about 12 to 14 years old, have been placed in jail here, charged with robbing the First National bank. The boys were engaged to sweep out the bank yesterday afternoon, and after they had finished their work, the officers of the bank missed $72 from the cash. Suspicion at once fell upon the boys, and the police were notified. When Chief West arrested the boys they confessed taking the money and carried him to where they had hid it. All of the money was recovered except $1.50, which the boys had already spent.

THE NEW COUNCIL NOW ORGANIZED

Alderman Broome Again Elected President of That Body.

A MEETING FULL OF INTEREST

Mayor Thomas Sworn in by Justice Colman, Who in Turn Administered the Oath of Office to Other Officials—Council Meeting Tonight.

Pursuant to the call the council convened last night for the purpose of turning the affairs of the city over to the newly-elected council. There was only a slight change, however, only Aldermen Lynch and Doig retiring. They were succeeded by Dr. J. Harrison Hodges and H. E. Benson, the latter an ex-member of the council, who has served the city faithfully and efficiently before.

Mayor Thomas, who has been for the past three years at the head of the municipal government, and who was re-elected without opposition at the election of Tuesday, was sworn in by Justice George Colman, who administered the oath in his usual dignified manner. The aldermen and other municipal officers were sworn, when the old council adjourned sine die and the new organization took the city reins.

Alderman Geo. K. Broome was unanimously re-elected chairman, which was a great compliment. Alderman Broome, who is regarded as one of the most conservative officials the city has ever had, has been serving the council in that capacity in a most efficient manner, and his colleagues were determined that he should again fill the president's chair.

After organization the president stated that, inasmuch as every member of the water committee had retired from the council, he would appoint temporarily Aldermen Cushman and Taylor on that committee. The committees will be announced at the first regular meeting in June.

The council adjourned to meet this evening, when resolutions will be passed concerning the proposed charter.

The Kind You Have Always Bought

Bears the Signature of Chas. H. Fletcher

Hindoo Nose Key.

"It is considered an insult and extremely indelicate in India to refer to a woman's nose ring, but so many ask me, 'What is that flower they hold in their mouth?' that I must tell what I shouldn't," says Edmund Russell. "It is the badge of wifehood, even more sacred than our wedding ring—set always with the costliest and most beautiful jewels a woman possesses and the last she will part with. A ruby with two pearls is the favorite, as symbolizing a heart between two guardians of purity. This is somewhat going out of fashion under English influence. The Somaji ladies and Zoroastrian sisters do not wear them, but every orthodox Hindoo woman has her pak chabi, or 'nose key,' as it is also called, usually two, one of precious jewels and costly pearls; the other a little plain gold safety pin, which is slipped in just as the great circle is being drawn out, for the nose must never for a moment be left free."—Jewel Crafts of India.

Cold Blooded Man.

"Man is the coldest blooded animal there is," said a well known doctor. "Man's low temperature," the doctor went on, "is responsible for more than half his ailments. Your normal temperature is 98½ degrees F. It is only when you have a bad temperature that you get as warm as any of the lower animals—that is so say, when you are in a high fever, with a temperature of 102, you are at the normal heat of the cat, the dog, the ox, the rat, and so on. In the coolest of seas the porpoise is never cooler than 100 degrees. The bat, the rabbit, the guinea pig, the hare and the elephant likewise are all cool at 100 degrees. The hen has the highest temperature of all the lower creatures, and it is a good deal warmer, too, when a chicken. Its temperature then is as high as 111, but age and experience cool its blood by 3 degrees."—New York Globe.

Ayer's Sarsaparilla. Your doctor will tell you why he prescribes it for thin blood, weak nerves. He will explain why it gives strength, courage, endurance. Sold for 60 years. J. C. Ayer Co.

The East Florida Seminary NORMAL

The Normal Class Opens March 13

Continuing for Eight Weeks.

This is the Teachers' Normal Institute for Alachua county and is endorsed by the State Superintendent as one of the Normals under his control. Lady teachers can be boarded in the Young Ladies' Dormitory, and board can also be procured at reduced rates in the city.

The classes in the Seminary, both in the Literary and Business Departments, will be open to those desiring to enter at any time, besides the regular Normal work.

For further information address the Superintendent,

GAINESVILLE, FLA.

A HOT OLD TIME IN HIGH SPRINGS

The Municipal Election Tuesday Was Full of Excitement.

THERE IS TALK OF A CONTEST

The Regular Nominees Were Defeated, and Independent Candidates Succeeded in Sweeping the Field. Charge of Fraud May Be Made.

High Springs, April 13.—The much-talked-of special election was pulled off here Tuesday. Times for a while were quite lively, and none the less hostile. For some while in the morning portion of the day the managers seemed to be at a loss about the law governing the same. A small paragraph was read governing elections, and they construed it in great diversified ways. Some contended that a qualified voter would have to have his poll taxes paid on or before the 11th day of March, while others argued that poll taxes for this election were good issued as late as April 8, 1905.

But one of the conservative inspectors advanced the thought that inasmuch as the time according to law had expired March 31, and that the time continued for paying the same until May 1 was simply favored and not law, so the inspector compromised with the two contending factions by recognizing all poll taxes for 1904 that were paid up to April 1, 1905.

The following is the official count: W. G. Holland, 14; B. Dougherty, 34; J. C. LaComt, 41; W. J. Rives, 22; W. Summers, 24; D. A. Demawg, 42.

Three highest are considered duly elected, though there is much talk of a contest. The three securing the least number of tallots are the regular conventional nominees.

An alleged effort was made to perpetrate fraud by some 1904 poll tax receipts being presented which were issued in April and abreviated "Apr," in date line, and in several unsuccessful attempts were made to demolish the "A" or convert it into an "M," the "pr" being left unmolested.

Mr. Setzer, one of the managers, caught on to the trick, and exposed the fraud publicly, for which he was highly commended. These defaced receipts were only prevalent among the colored voters, but it is not conceded that a negro is the author of the scheme.

Captain W. G. Shehee, who is a rheumatic, returned from Hampton Springs this evening, and is in a feeble condition, being absolutely helpless.

Tourists have been returning to their Northern homes for some time.

Mrs. R. C. Philpot, who was quite ill last week, is now on the stage of action, to the gratification of her numerous friends.

The Atlantic Coast Line Railway continues to do a rousing freight business in this section.

Miss Pauline Weaver, the recognized belle of High Springs, is visiting relatives in Pensacola this week.

High Springs has had two millinery openings quite recently that would reflect much credit on towns three times the size of this one.

Col. J. W. Patton, a surveyor of Gainesville, was in the city yesterday. Colonel Patton says he has been surveying land about three miles from the city, down the Santa Fe river, for Mr. Setzer. It is what is known as the old McKinney property, and is said to be very valuable. The land is unusually good for agricultural purposes, and it also contains an immense quantity of phosphate, which can be mined with the least expense of any deposit in the State. The land also has a large acreage of hammock and hardwood, and it is in such quantities that in all probability a saw mill will be established on the place at a distant date.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

THE DAILY SUN, 10c A WEEK

CORDIAL INVITATION

ADDRESSED TO WORKING GIRLS

Miss Barrows Tells How Mrs. Pinkham's Advice Helps Working Girls

Girls who work are particularly susceptible to female disorders, especially those who are obliged to stand on their feet from morning until night in stores or factories.

Day in and day out the girl toils, and she is often the bread-winner of the family. Whether she is sick or well, whether it rains or shines, she must get to her place of employment, perform the duties exacted of her—smile and be agreeable.

Among this class the symptoms of female diseases are early manifest by weak and aching backs, pain in the lower limbs and lower part of the stomach. In consequence of frequent wetting of the feet, monthly periods become painful and irregular, and frequently there are faint and dizzy spells, with loss of appetite, until life is a burden. All of these symptoms point to a derangement of the female organism which can be easily and promptly cured by Lydia E. Pinkham's Vegetable Compound.

Miss Abby F. Barrows, Nelsonville, Athens Co., Ohio, tells what this great medicine did for her. She writes:

Dear Mrs. Pinkham:—

"I feel it my duty to tell you the good Lydia E. Pinkham's Vegetable Compound and Blood Purifier have done for me. Before I took them I was very nervous, had dull headaches, pains in back, and monthlies were irregular, I had been to several doctors, and they did me no good.

"Your medicine has made me well and strong. I can do most any kind of work without complaint, and my periods are all right.

"I am in better health than I ever was, and I know it is all due to your remedies. I recommend your advice and medicine to all who suffer."

It is to such girls that Mrs. Pinkham holds out a helping hand and extends a cordial invitation to correspond with her. Her long record of success in treating woman's ills makes her letters of advice of untold value to every ailing working girl, and from her wide experience and skill she quickly points the way to health. Her advice is free, and all letters are held by her in the strictest confidence. Address, Mrs. Pinkham, Lynn, Mass.

WAS TAKING A NAP.

Negro Crawled Under McCollum's Steps for Rest and Comfort.

Weary from the effects of over exertion in looking for a job, a young negro man sought a comfortable position under the front stoop at the home of J. W. McCollum Sunday night, and prepared for a night's lodging. The house being new probably attracted the weary rambler, and he was desirous of securing something clean in the way of a lodging place.

Dr and Mrs McCollum had been out for the evening. They came home about half-past 10, when the former was attracted by a deep, snoring sound under the front door stoop. Investigation proved it to be a man, who was sleeping with the same apparent comfort as though he might have been resting in a downy couch. Dr. McCollum took his wife to the home of a neighbor and went in search of a policeman, and in the meantime the man made his escape.

Mrs. McCollum and friends, who were watching the place, state that they saw the negro as he emerged from the yard, and that he was a young man about eighteen years of age. He passed under a bright electric light, which afforded a good view.

Dr. McCollum does not believe that the man went to his home with any malicious intent, but that he was merely tramping and tired, and wanted a night's rest where he would be protected from the weather. Should he have intended to commit burglary this would have been an easy matter, as windows in the home were unlocked and could have been easily raised.

Killed in Pythian Lodge.

Little Rock, Ark., April 12.—While Ebenezer Runyon was being initiated by the local lodge, nights of Pythias, at Eelsenthal, Ark., he was shot and instantly killed. Charles Filler, an officer of the lodge, was officiating at the initiation and it is said used a revolver, which in some mysterious way had been loaded, although it was supposed to contain blank cartridges. The bullet entered Runyan's brain, causing instant death. The lodge broke up in consternation.

Cures Coughs and Colds.

Mrs. C. Peterson, 625 Lake St., Topeka, Kan., says: "Of all cough remedies Ballard's Horehound Syrup is my favorite; it has done and will do all that is claimed for it—to speedily cure all coughs and colds—and it is so sweet and pleasant to the taste." 25c, 50c, $1.00 bottle. Sold by W. M. Johnson.

SHERIFF KILLED BY MOB.

He Was Protecting Prisoner When He Was Mortally Wounded.

Memphis, April 13.—A special from Senatobia, Miss., says:

At an early hour this morning Sheriff J. M. Poag of Tate county was shot and killed by a mob of masked men, heavily armed, who entered the jail for the purpose of liberating James Whit, a white prisoner, who is to be placed on trial Monday on a charge of murder. The mob, which consisted of six or eight men, reached the jail at 3 o'clock this morning and gained an entrance before Sheriff Poag was aware of its intention. The sheriff's demand that the men leave the jail was met with a firm refusal, whereupon the officer fired, wounding one man. The mob then fired on the sheriff, two bullets taking effect, one passing through the left lung. The members of the mob then beat a hasty retreat, taking their wounded companion with them. Sheriff Poag lingered until 6 o'clock this morning, when he died.

The names of the members of the mob are not given, and they are probably unknown at this time. Whit remains in jail. There is great excitement here and further developments are watched with keen interest.

SOUTHERN WILL REDUCE RATES

Principal Cities of the South Will Be Benefited Thereby.

New York, April 13.—Action taken at a meeting of Southern Railway officials, held here, indicates the possibility of an early reduction in freight carrying charges on all the lines leading from Chicago and St. Louis to Atlanta, Birmingham, Montgomery and other points in the southeast. Some time ago the Merchants' association of both Chicago and St. Louis made concurrent appeals to the management of the roads that tap and traverse the territory in question, asking for lower rates. That the matter might be fully considered a meeting of the lines interested was called. B. F. Parrott of Atlanta, chairman of the Southeastern Freight association, presided. Only the roads of St. Louis were represented.

Recommendations favoring reductions in freight schedules were adopted, and will be offered to a meeting in the near future of the lines represented.

HEALTH IS YOUTH.

Diseases and Sickness Bring Old Age.

Herbine, taken every morning before breakfast, will keep you in robust health—fit you to ward off disease. It cures constipation, biliousness, dyspepsia, fever, skin, liver and kidney complaints. It purifies the blood and clears the complexion. Mrs. D. W. Smith, Whitney, Tex., writes April 3, 1902: "I have used Herbine, and find it the best medicine for constipation and liver troubles. It does all you claim for it. I highly recommend it." 50c a bottle. Sold by W. M. Johnson.

THE DAILY SUN, published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for $5 a year; $2.50 six months; $1.25 three months; or 50 cents for five weeks—strictly in advance.

Reading notices in local column 10 cents a line for first insertion, and 5 cents for each additional insertion.

Rates for display advertising made known on application.

The Twice-a-Week Sun is an eight-page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, State and general, and will be mailed, postage free, to any part of the United States or Canada, for $1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

Tampa wants the concerns that use the public streets to conduct their business to pay rent. Why not?

The people of the world are hoping that the Russian and Japanese fleets will find each other, so that the misery will be over.

The rooms of your home should be cheerful and then there is not much trouble in making the people in the home cheerful.

The Standard Oil war in Missouri opened at Jefferson City on Tuesday. John D. will not suffer, however, for he makes the people do that.

It is consoling to learn that it will only cost about $77,000,000 a year to keep up the navy, after we get it finished. But it seems to be an endless chain.

The Kansas City get-rich-quick concern, which collapsed the other day, left this note on their office door when the men vanished: "Good-by, suckers, good-bye."

On account of the strikes among the brewers in Germany, a beer famine is feared in Berlin. The United States may come to their relief, however, with some of the stuff that made Milwaukee famous.

The earthquake in India will foot up a total loss of twenty thousand lives. Possibly some one will say that Divine Providence intervened with this method, rather than to see them starve as in the past.

Some of the shade trees about the city should be trimmed up a little. During a rain storm the branches that are wet hang down so low that it is impossible to walk along the sidewalk under them and carry an umbrella.

Vermont reports that her output of "maple syrup" will be less than half of last year's production. The printing houses, however, will print more "Pure Vesmont Maple Sirup" labels than ever, notwithstanding and nevertheless.

Some people's Christianity seems to be in making others as miserable as they are themselves. A real active worker, who has nothing to do, can keep a whole neighborhood in an uproar. Don't weary yourself in worrying others.

The educational institutions of the State should first be considered in the line of appropriations. These include our State colleges. In regard to a governor's mansion, it is a noticeable fact that there are many States that have managed to exist for a half century or more that have no house for the governor.

The rush of new buildings to completion in Gainesville is surprising. Old houses are torn down and new ones take their place in rapid succession. A man came along one of the residence streets a few days ago and declared he would not have known where he was, there were so many new houses, had he not seen the mail carrier and recognized him.

JIU JITSU ADOPTED.

West Point and Annapolis will adopt the Japanese system of jiu jitsu for physical development. The board of army and navy officers, however, do not find that the system advances physical development, but that it gives its devotee confidence and assurance.

What the effect will be in fitting the students for actual war is a problem not now solvable. But it will be great for the football world. The student of jui jitsu can shake hands with a man in such a deft manner as to dislocate his spine. He can retaliate for a cross jab aimed at the vulnerable point of the chin by securing what the wrestlers call a hammer-lock and smile benignantly while his opponent howls for mercy. It will become possible, therefore, to study the effects of the jiu jitsu course on the gridiron at Philadelphia, where the army and navy have their annual struggle for supremacy. We may expect to see the heavy backs of the navy boys break through and dislocate the shoulders of the forwards of the army and make a touchdown before the referee has discovered whether it is football or an imitation of Port Arthur.

When the ranks of the soldiers have been restored by the calling up of reserves they will advance in a new formation and by tapping the enemy lightly on the foreheads, leave them discomfited on the field while they carry the ball between the goal posts. Mass plays will be out of place or quite impossible, and weight on the line will cut less figure than the "ph" in phthisis. Giant size will no longer be a requisite to "making the team" and the revolution will please the advocates of open play and the rules committees will have to revise themselves and their product. We don't know that jiu jitsu will enable a soldier or sailor to shoot straighter or stop a bullet better, but it will do wonders with football. It will replace bloody noses with fractured bones, make dislocated joints the substitutes for torn ears and battered eyes, and generally offer something that is new and diverting to relieve the tedium of a game that seemed to have been brought to perfection before Japan set the pace for the civilized world.

"JIM CROW" BILL.

A favorable report on the "Jim Crow" bill has been sent to the House at Tallahassee, by the committee to which it was referred, and the fight on this interesting question may now become a heated one.

The bill was presented last week by Representative Avery of Escambia, and it provides that all street railway companies in the State shall provide separate accommodations for white and colored people on their cars. The bill was referred to the house committee on railways and telegraphs and this committee has reported favorably. There was no minority report submitted.

This bill, or one similar, will undoubtedly pass before the Legislature, as sentiment is very strong in this direction, doubtless owing to other "strong" reasons why the white people want such a law.

How's This?

We offer One Hundred Dollars Reward for any case of catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & Co., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligation made by his firm.

There is no necessity for any man in Florida saying that it is dull. There is plenty of work for all classes of workmen, and when there is plenty of work there is sure to be money in circulation. People must eat, and according to law and custom have got to wear a certain amount of clothing to cover their persons. If you are in business and have any of these necessaries to sell, the proper way for you to let people know it is through the columns of your local paper, and The Twice-a-Week Sun visits the homes of 1,800 people in this county two times every week, and allowing three persons to every household, 5,400 people see your advertisement—twice each week.

Our lawmakers should themselves stand by the laws they enact, and if they did not there would be general disorder in our legislative bodies. Those who know these laws and rules governing such bodies stated at the outset that Hon. C. M. Brown could hold his seat in the Senate, and it ought to be apparent to all now that he will do so. It is not a matter of friendship to Mr. Brown more than to Mr. Baskin, but simply the law and custom in such cases. The personality of the two gentlemen does not enter into the contest.

Virginia Man Great Incohonee.

Chicago, April 13.—At a great chiefs' council of the Improved Order of Red Men, held here, John W. Cherry of Norfolk was chosen great incohonee, to succeed the late Thomas H. Watts of Montgomery, Ala. Other officers chosen were: W. A. S. Bird, Topeka, Kan., great senior sagamore, and Joseph Farrar, Philadelphia, great junior sagamore.

Alabaman Jumps His Bail.

Huntsville, Ala., April 13.—William Vining, a young man, who was placed under arrest here Thursday by Deputy Sheriff McClelland, of Texas, on a warrant charging him with burglary, has jumped his bond and disappeared. Deputy McClelland, who was arrested for kidnaping Vining has been released. The case attracted considerable attention.

PIMPLES

"I tried all kinds of blood remedies which failed to do me any good but I have found the right thing at last. My face was full of pimples and blackheads. After taking Cascarets they all left. I am continuing the use of them and recommending them to my friends. I feel fine when I rise in the morning. Hope to have a chance to recommend Cascarets."

TON ACREAGE IS INCREASED

nl Estimate Made by N. W. Littlefield of Georgia.

PURCHASED MANY BALES

Thousand Bales Purchased in Past Month, 1,200 of Which e From Farms of Alachua nty—Prospects for Next Year.

ong the prominent visitors to ity Wednesday was N. W. Little- f Blackshear, Ga., cotton buyer e Brantley Company, one of the t firms dealing in Sea Island cot- the United States.

Littlefield was for several years cted with the cotton department F. Dutton & Co., this city, and is ded as one of the most competent s and shrewdest buyers of cotton country. His long connection this old established firm, and his ng under the direction of Hon. r G. Robinson, manager of the n department, has eminently fied him for the position which he holds, and which he is filling with credit to himself and profit to his oyers.

. Littlefield has been in this sec- for the past four weeks for the ose of buying cotton. He was fa- r with the section, and realized a great many planters who could d to hold their product for better s had done so. He sought these ers, with the result that he has hased within the past month about bales of Sea Island cotton, all of h brought satisfactory prices. Of amount, about 1,200 bales were se- d in Alachua county.

r. Littlefield has just returned a tour of the cotton belt. He made a careful survey of the sit- on, and authorizes the statement the acreage throughout the entire has been increased slightly. The is all in the ground, and in this ion is practically all up and being ivated. The planters seem to ize that early planting is the prop- thing, as was suggested two years , and are planting accordingly.

The production of Sea Island cotton a record-breaker last year," re- rked Mr. Littlefield. "There was duced in this country alone about ,000 bales, while over 5,000 bales re produced in the British West dies. While the industry in the itish West Indies is antique, the peo- of that country are just beginning wake up. They have known for cen- ries that Sea Island cotton could be duced there, but have neglected e culture to the preference of other ings. They see now that it is a oney crop, always bringing a good ice, and will in future devote more time to its culture. I would not be surprised to see the British West Indies produce 20,000 bales next season, and the output each year thereafter increase. The acreage there will be largely extended each year."

The growers of Sea Island cotton have an advantage, in a way, which no other producers in the world can claim, There is only a very limited territory which is adapted to the culture of this cotton, and the demand is so great in the manufacture of fine goods that there will always be found a market at good prices.

OLD FOLKS.

THEIR DAYS MAY BE PROLONGED

How the Evening of Life May be Made Happier for All.

"If people only knew the good that Vinol does old people," said Mr. W. M. Johnson, our well known druggist, "columns of space in our newspapers would be devoted to the subject for the benefit of mankind in general. I can truly say that we have never sold anything in our store equal to Vinol as a strengthener and body-builder for old people.

"You see, with old age comes feebleness and loss of power, the organs act more slowly and less effectually than in youth, the appetite is poor, the digestion weak, and there is not that same renewal of body tissue.

"There is nothing more pitiful to me than to see old people tottering around. I know that Vinol cannot bring back lost years, but it will lengthen life and brighten the years that remain.

"We are hearing from all over the country remarkable results which prove my statement, and we have received letters from sons and daughters of old people telling how how father and mother has been made well and happy by the vigor and strength which Vinol brings the old.

"It was only a few days ago a letter was brought to my attention from Mr. John G. Nichols of Lawrence, Mass., in which he said that he was eighty-four years old, and he had not felt so well for fifteen years as he had since taking Vinol; it gave him a good appetite, and he feels strong and well, and is working every day from six o'clock in the morning until five o'clock at night.

"It is just this way," continued Mr. Johnson, "Vinol invigorates the stomach first of all, creates an appetite and enables the stomach to separate from food the elements needed for rich, red blood, healthy body material and sound, steady nerves. In this natural manner it repairs worn tissues, checks the natural decline and replaces weakness with strength.

"For anyone suffering from any weakened, run-down condition Vinol will do the same; and it is because we know so well what Vinol will do that we guarantee its action, and we will gladly refund the money paid for it to anyone who is not satisfied. I wish every old person in this vicinity would just try Vinol on our guarantee. If it does not satisfy, then it will not cost them a cent. W. M. Johnson, druggist.

WILL RUN FOR MAYOR.

L. C. Lynch Declares He Will Show People a Thing or Two Next Year.

L. C. Lynch, the defeated candidate for alderman by nine votes in the election of Tuesday, declares that he proposes to show his friends and the people what he can do by running for mayor next year.

"I am frank to admit that my defeat was due entirely to over-confidence," remarked Mr. Lynch, "and I propose next year, if nothing happens to prevent, to announce myself a candidate for mayor, and I will show these people that I can make a run. I will be like the old proverb of the darkey who was on a chase when a rabbit got in the path in front of him. This little animal, notwithstanding his ability to cover ground at a rapid rate, was in the negro's way, when the negro exclaimed, 'Git out de way, rabbit; let somebody git heah what can run.'"

This is the attitude of Mr. Lynch. He has served his city and his constituents faithfully during the past term, and, as he stated, his defeat was due clearly to the fact that his friends were over-confident of his success while others were at work. The city has never had a more deserving or conscientious worker. Mr. Lynch, however, takes his defeat good-naturedly, and is reveling in the consolation that the result was very close.

CLEVER SWINDLER IN CHICAGO.

His Field of Operation Was Among Society Women of That City.

Chicago, April 13.—Woman's vanity has proved a fertile field for George Levine, who, by flattering his victims with the belief that they are social leaders, has swindled many women in Chicago recently. Levine has proven guilty in Judge Tuthill's court to the charge of operating a confidence game and was sent to jail pending an investigation of his operations in eastern cities.

"I have been sent to you because you are one of the leading society women of the city," Levine said to his victims, "and you have been selected to share in the distribution of prizes by my firm for advertising purposes."

He then produced a package of envelopes and declared each envelope contained money. The envelopes he sold at prices ranging from $1 to $15 each, with the stipulation that they should not be opened until he had been gone half an hour. The envelopes contained only blank paper.

McLaurin to Pay Heavy Damages.

Charleston, S. C., April 13.—Ex-Senator John L. McLaurin has lost his suit in the United States circuit court, a verdict being rendered yesterday afternoon, upon instructions of the court, for the sum of $41,639 in favor of the plaintiff, the International Trust company of Baltimore, Md. The ex-senator alleged fraud, but he was not able to prove it, as far as the Trust company was concerned, and now he will have to pay the costs of his connections with the Brunswick and Birmingham railroad and the Brunswick and Western Construction company, with which projects he became associated upon terminating his career in congress.

Wealthy Mexican Citizen Dies.

Albuquerque, N. M., April 13.—Felipe Chavres, grandson of Francis Xavier Chavres, first governor of New Mexico, under the Mexican regime and son of Jose Chavres, one of the early territorial governors under the United States, is dead at his home in Belen, a village south of here, aged 71 years. Death was due to cerebral hemorrhage. Chavres was probably the wealthiest Mexican citizen of this territory, his fortune being estimated at from $1,000,000 to $2,000,000. One son and two daughters survive him. Jose Chavres, the son, is a stock breeder in New York. He came across the continent in special trains arriving a few hours too late to see his father alive.

Tunnel Through Lookout Mountain.

Knoxville, Tenn., April 12.—W. J. Oliver & Co., railroad contractors of this city today received advices from President Samuel Spencer, of the Southern railway, awarding that firm the contract to build the tunnel through Lookout Mountain, near Chattanooga, Tenn., on the Southern railway's extension from Chattanooga to Stevenson, Ala. The price involved was not made public, but it is understood the extension and tunnel will cost between two and three million dollars. Work will begin at once.

Mail Clerk Hurt in Wreck.

Birmingham, Ala., April 12.—A special to The News from Decatur, Ala., says that Louisville and Nashville's fast pasenger train No. 1, southbound, was wrecked near Lynnville, Tenn., fifty-nine miles north of Decatur, at 5 o'clock this morning. The engine, baggage, mail and express cars were ditched. No one is reported hurt except a mail clerk, and he is not seriously injured. The cause of the wreck is not stated.

Killed Through Window.

Sylvania, Ga., April 12.—Fate Parker, a well known and prominent citizen of Screven, was shot and killed in his house near Woodcliff on Saturday night by an unknown assassin. The killing was about half past 12 o'clock, just as Mr. Parker was preparing to retire. The shot was fired from the outside of the house, through the window, and the whole load of buckshot took effect in the victim's side. He lived only a short while. Bud Lasser was arrested yesterday afternoon, and is now in jail here.

Grand Secretary Grant Dead.

Baltimore, April 13.—General J. F. Grant, grand secretary of the sovereign grand lodge of Odd Fellows in the United States, died at Union Protestant infirmary, where he was operated on four weeks ago for a serious intestinal affection.

Negro Children Burned to Death.

Orlando, Fla., April 12.—The home of a negro named Hawkins has been burned here. His wife escaped with all the children except one, and sent one of the children who had escaped with her after this one. While he was in the house the roof fell in and both were burned to death. Hawkins was not in the house when the fire occurred. He had it insured for $1,000, and as he has not been able to give a satisfactory account of his whereabouts at the time. He has been arrested.

Want President at Banquet.

Lawton, Okla., April 13.—Governor Ferguson and Dennis Flynn proceeded through Lawton today on their way to Frederick, Okla., to participate in a banquet at that place today. An effort will be made to persuade President Roosevelt to leave his camp and attend the banquet. A hundred persons will be present, including several prominent Oklahoma politicians.

Elevated Rivers.

The most elevated river in the world is the Desaguadero, in Bolivia. It is of a considerable depth, and its whole length, from the village Desaguadero, at the south extremity of Titicaca, to the north end of the lake Aullagas, is about 180 miles. The average elevation of the valley or tableland of Desaguadero above the level of the sea is about 13,000 feet. The river whose source lies highest is the Indus, which rises on the north of the Kailas Parbat mountain, in Tibet, 22,000 feet above sea level.

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine E. H. Wolfe of Bear Grove, Iowa, cheated death. He says: "Two years ago I had kidney trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." All druggists guarantee them at 50c.

The New Trade Mark Law.

A copy of the new law of trade marks will be sent free to anyone interested in trade mark protection by C. A. Snow & Co., opposite patent office, Washington, D. C.

NEWS FROM ALL PARTS OF FLORIDA

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

Sanford is shipping large quantities of celery to the North.

The electric light sign of an Orlando saloon is said to be hung out as a signal of danger.

In a row at Lithia, near Plant City, Saturday night one negro was killed and two seriously wounded.

The Sanford-Carson-Crane Hardware Company of Kissimmee has been incorporated; capital $25,000.

St. Augustine will make an effort to put in a system of sewerage. It is a move in the right direction.

Harry and Charlie Greenfield are in jail at Ocala awaiting trial for swindling people in selling sadirons.

The question of draining upwards of 50,000 acres of land in Dade and other southern counties is being agitated.

A bridge will be built across the Manatee river from Palmetto to Bradentown by the Seaboard railway.

The farmers of Candler will plant more cotton than usual this spring. The citrus crop will not be more than 25 per cent of that of last season.

Percy Minich of Tampa, aged 14 years, threw a bottle of muriatic acid against the wall and the acid flew into his face and put out both his eyes.

Berlin Russell of Key West was held up and robbed by two negroes on Friday night last. He had been collecting for the Knights of Honor. No clue.

Pass-a-Grille, St. Petersburg's pleasure resort, is on the boom. A forty-room hotel is to be built there and many new cottages will be erected this season.

The Fulford Vegetable Association, says The Miami Metropolis, shipped a car of 560 crates of tomatoes to New York that brought $1,620, or a fraction less than $2.90 per crate.

The creditors of the defunct Lakeland bank have received a first payment of 10 per cent of the amount of their claims. It is not likely the total finally recovered will be more than 20 per cent.

J. F. White, a merchant of South Jacksonville, is under arrest, charged with assault to kill R. T. Pickerd, who occupied rooms in White's building and was moving out without paying his rent. White claims Pickerd shot himself in the scuffle the two men indulged.

The Dunnellon Advocate was horrified last week to see a white woman march along the street chained to a lot of negro convicts. She was arrested as one of a gang composed of negroes. There is an old saying, "If you lie down with dogs you must expect to get up with fleas."

The demurrer to the pleas filed in the million dollar libel suits of Lena Mathes, late of Tampa, Fla., and John F. Forbes of Rochester, N. Y., against Mr and Mrs Stetson, for the alleged exhibiting of evidence against them, will be argued in the United States court at Jacksonville on Monday, April 17th.

Letters patent have been issued for the Florida Power Company, at Ocala, $300,000, to conduct a business of leasing and selling of water power rights, including the construction of dams for the purpose of generating electric power. W. N. Camp, Clarence Camp, R. F. Brewer, Geo. D. Munsing and G. S. Green are the incorporators.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

NEWS TERSELY TOLD.

Millard T Campbell, aged 50, one of the most widely known printers in the south, was found dead in a Turkish bathroom this morning at Nashville.

A telegram received in Nashville Tenn., from Huntsville, Ala., announces the death of Miss Howard Weedon, the famous southern poet and artist.

Fresh earthquake shocks yesterday evening and this morning, at Simla India, led to a revival of the alarm The new government offices were freshly cracked.

The steamer Majestic, from Liverpool, was reported 150 miles east of Nantucket lightship by wireless this morning. She will probably dock at 3 o'clock Thursday morning.

Arthur Lutchford, secretary and treasurer of the Mechanics Savings bank of Rochester, N. Y., committed suicide at his home today by shooting The cause is said to have been ill health.

Willie Armington, aged 13, of Malta Mont., is under arrest here charged with killing his stepfather, William Sitz. The two had quarreled and the boy shot his stepfather three times with a 22-calibre rifle.

An unknown New York fishing charge of murder. The mob, which Thimble Light, in lower Chesapeake bay, with her mainsail, foresail and boom gone. A Norfolk, Va., wrecking tug has gone to lend assistance.

David Braham, the well-known composer and orchestra leader, is dead at his home in New York from kidney trouble, after an illness of several months. He was born 67 years ago in England and came to America as a violinist at the age of 16.

The German crown prince, while tooling a four-in-hand coach, has driven the coach into a wall by the roadside near Potsdam, cables The Herald's correspondent at Berlin. The coach was completely wrecked, but fortunately the prince escaped without injury.

On a newly made grave in Cypress Hill cemetery, East New York, the unidentified body of a man has been found with his throat cut. A razor was tightly clutched in one hand. The grave upon which the suicide lay was that of a young woman buried about two weeks ago.

Last Hope Vanished.

When leading physicians said that W. M. Smithart of Pekin, Ia., had incurable consumption, his last hope vanished; but Dr. King's New Discovery for consumption, coughs and colds kept him out of his grave. He says: "This great specific completely cured me, and saved my life. Since then I have used it for over 10 years, and consider it a marvelous throat and lung cure." Strictly scientific cure for coughs, sore throats or colds; sure preventive of pneumonia. Guaranteed, 50c and $1.00 bottles at all drug stores. Trial bottle free.

Pioneer Atlantan Passes Away.

Atlanta, April 13.—H. A. Agricola Sr., one of the pioneer citizens of Atlanta and a man well-known all over this section of the state, died yesterday at his home, 27 Connally street after a long illness. He suffered a general breakdown two years ago and had never recovered. He was 62 years of age at the time of his death. Mr Agricola came to America in 1860 from Germany and came to Atlanta in 1865, being the first baker who ever visited Atlanta. He had remained here all the remainder of his life. Mr Agricola retired from business several years ago.

A Dandy for Burns.

Dr. Bergin, Pana, Ill., writes: "I have used Ballard's Snow Liniment; always recommend it to my friends, as I am confident there is no better made. 'It is a dandy for burns.' Those who live on farms are especially liable to many accidental cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency." 25c, 50c, $1.00 bottle. Sold by W. M. Johnson.

MADNESS IN PLANTS.

Mexican Weeds That When Used Will Drive Men Crazy.

Marihuana is a weed used by people of the lower class and sometimes by soldiers, but those who make larger use of it are prisoners sentenced to long terms. The use of the weed and its sale, especially in barracks and prisons, are very severely punished, yet it has many adepts, and Indian women cultivate it because they sell it at rather high prices.

The dry leaves of marihuana, alone or mixed with tobacco, make the smoker wilder than a wild beast. It is said that immediately after the first three or four drafts of smoke smokers begin to feel a slight headache; then they see everything moving, and finally they lose all control of their mental faculties. Everything, the smokers say, takes the shape of a monster, and men look like devils. They begin to fight, and of course everything smashed is a monster "killed." But there are imaginary beings whom the wild man cannot kill, and these inspire fear until the man is panic stricken and runs.

Not long ago a man who had smoked a marihuana cigarette attacked and killed a policeman and badly wounded three others. Six policemen were needed to disarm him and march him to the police station, where he had to be put into a straitjacket. Such occurrences are frequent.

There are other plants equally dangerous, among them the tolvache, a kind of loco weed. The seeds of this plant boiled and drunk as tea will make a person insane. Among some classes of Mexico it is stated that Carlotta, the empress of Mexico, lost her mind because she was given tolvache in a refreshment.

There is in the state of Michoacan another plant the effects of which upon the human organism are very curious. The plant grows wildly in some parts of Michoacan, and natives have observed that whenever they traverse a field where there were many of such plants they lose all notion of places. For this reason when a person reaches a place where there are many of these plants he forgets where he is going, where the place is and even where he is and what he is doing there. It takes from three to four hours for a person affected by the smell of the plant to recover the full control of his mental faculties.

Another very curious plant is the one called de las carreras in some places where it grows. When a person drinks a brew of the leaves or seeds of the plant he feels an impulse to run and will run until he drops dead or exhausted.—Mexican Herald.

His Sad Loss.

"Darn the luck! I lost a peach of an umbrella today."

"Yes, people don't seem to have any conscience about swiping umbrellas. How did you lose it?"

"Well, it was standing against the wall in the restaurant. I kept my eye on it"—

"You bet you have to! Well?"

"And just as I was getting up the fellow that owned it came along and took it!"—Cleveland Leader.

Chickens.

"Does he think there is any money in raising chickens?"

"Yes; he says for every grain they give a peck."—Yale Record.

MASTER'S SALE.

Under and in pursuance of a certain decree of foreclosure made and rendered on the 20th day of March, A. D. 1905, by the Honorable James T. Wills, Judge of the Circuit Court of the Eighth Judicial Circuit of Florida, in and for Alachua county, Florida, in chancery sitting, in a certain chancery cause wherein George W. Hyde as trustee, etc., is complainant and the American Oil and Chemical Company, a corporation, etc., and others are defendants, I, H. G. Mason, as special master, shall at public auction expose for sale and sell, for cash, to the highest bidder, before the door of the court house of said Alachua county, at Gainesville, Florida, during the legal hours of sale, on Monday, the 1st day of May, A. D. 1905, the following described property, towit:

All and singular the plant of the American Oil and Chemical Company, together with its business, franchises, machinery, apparatus, instruments, tools, works, stills and all other property of whatsoever kind pertaining to its operating the business of extracting and manufacturing turpentine, tar and crude oils, etc., of and out of wood, the said property being now in Gainesville, Alachua county, Florida; together with all and singular the tenements, hereditaments and appurtenances thereunto belonging or in anywise appertaining, and also the right, title and interest of the defendants therein and thereto.

The said property to be sold by me to satisfy a decree of foreclosure made and entered in said chancery cause.

H. G. MASON,
Special Master.

HIONING A CORK

DABLE KNIVES ARE NECESARY IN THE PROCESS

avy Blade Must Be Sharpened Each Cork Is Made—How the Is Sliced, Pared and Finished ig London Factory.

roprietor of the cork cutting es- ment was showing some of his ers through the extensive work- and because his customers be- aymptoms of the interest they cork merchant offered to give nstration of the whole process ing the rough material into the article. First of all, there was k cutter's knife to be inspected— idable affair, with a heavy blade ring about six inches across and bevel at least one inch wide. enter of the blade was very and the reason for so much was at once obvious as soon as tter proceeded to use the knife. g up a short length of cork, he firmly against a metal knob set he side of a table; then, having uced the sharp edge of the knife he material, he threw the whole t of his body against the handle terally drove the blade through rk. There was no sawing back- or forward, nothing but the pressure, yet so tremendously was the blade that the knife d unceasingly forward, and in ment or two the piece of cork lay fragments on the floor.

wide beveled edge is necessary er to prevent the cork from tear- while the knife has to be heavily ted to stand the strain of that nt of pressure. This knife has a hole near the back about half- down the blade; this is for the , which is fastened on by means nut. The gauge is set according e width of strips required—this being the length of the finished —and so insures each strip being he exact measurement. After the has been set the workmen can p length after length of cork with- further measuring, for the gauge, cting over the back of the blade. along the freshly cut edge and causes the next cut to be parallel the one last made. And the audi- was informed that the gauge could et to the seventh part of an inch. n the cork had been cut into long ow strips the cutter took up one ose same strips and, without alter- the gauge on the knife, began divid- it into a number of little cubes. The cuts (to produce the long strips) e done across the grain; the others with the grain, these latter being way of the finished cork.

The grain must run down the arti- " explained the self constituted turer, "otherwise the cork would ak in half. So first we cut across the length of the cork, then we cut h the grain for the width of the k. Now these little pieces are ready be turned into the finished article."

Picking up one or two of the cubes, e cutter moved across the floor to here one of the machines was stand- g. "Don't put your fingers near the ade," he cautioned hastily. "There's thing sharper than the blade of this nife. It's made of the very best and ardest steel there is." Then, just as the ditors were about to murmur "Shef- eld," he continued: "Made in France, at blade was. The very best steel there ." Curiously enough, this is also the se with the hairdressing trade. The est scissors are nowadays French ones.

Twenty-six inches of sharp blade ere quite sufficient to scare away un- itiated fingers. "Nothing requires a harper blade than cork cutting. It ust be absolutely perfect, or the stuff s torn, and if that blade goes wrong it akes me one complete day to grind it nto order again. A very hard day's work it is too."

"How do you manage to keep it harp?" asked one of the party. The an laughed.

"It is ground after each cork is cut," e replied. "If not, the second cork would be perceptibly inferior to the irst one."

So much sharpening seemed to imply a vast amount of labor until he pointed to a couple of small dark wheels fixed to the machine in such a manner that the blade passed along them each time it was drawn back. These small wheels were of the finest possible emery and automatically ground the blade after every cork in turn. No oil was used at all, so he explained, and he then proceeded to demonstrate the [illegible] of the machine. Pushing a wide basket close to the other side of the machine, he took up his position on the left hand side, drew a tray of pieces of cork to him, and, selecting a short length, set it against a small wheel which was placed almost against the blade and at right angles to it. Then he pressed with his foot upon a treadle, and instantly a short point moved forward, pressing on to the other end of the piece of cork and thus holding it against the wheel.

When secured between these two, he removed his fingers, grasped the upright handle of the long blade and pushed it steadily forward, and in the twinkling of an eye the piece of rough cork had assumed a familiar aspect. The pressure of the blade against the cork caused the little wheel (and with it, of course, the cork) to revolve, and in its turn this same spinning allowed the knife to cut evenly all the way around the cork. By the time the blade had been pushed to the farthest extremity of the machine the cork had been neatly pared all around. Then the treadle was released and the cork rolled away with a final spin into the basket awaiting it on the other side. It was also shown that the machine can be set to produce any taper desired.

But the most curious part of the trade was explained when one of the audience, catching sight of a basketful of old corks, demanded the reason of their presence. From the cork merchant's account it appeared that a large trade is done in remodeling old corks—that is to say, those used for wine bottles are bought in immense quantities, cut down by the machine into a smaller size and sold to the publicans for stopping pint bottles. Having once had the corkscrews through them they are useless for anything else, and, indeed, there would be a heavy fine for selling them to chemists, with whom a large proportion of the cork trade is carried on, but they are used for temporarily stopping the pint bottles taken out of the public houses by children under fourteen years of age.

The act requires these bottles to be securely fastened down, and so sealed the old corks are afforded a new lease of life. For this purpose not only is the old cork put on the machine and reduced all the way round, but a thin slice is taken off the top and bottom as well. This remodeling of second hand corks is piecework and paid for as follows: One and one-half pence per gross for each of the two cuts and 1½ pence per gross for the machine work. Thus, explained the merchant, he had to pay 3½ pence a gross in wages, and the corks are sold at the rate of sixpence a gross to the publicans. Out of the remaining 2½ pence he must not only purchase the old corks, but also find a profit. Of course it is possible to work up an enormous number of corks in an hour, for the work is never checked. Backward and forward runs the huge blade, the forward movement cutting the cork, the reverse one grinding it in preparation for the next stroke, and the cutter feeds the machine with the left hand, while never releasing his hold on the handle with the right.

Some one suggested the possibility of increasing the speed by machinery, but at that the cutter shook his head. Considering the extraordinary sharpness of the blade and the dangerous proximity to the fingers when the cork was put into position, he himself would take no risk of that nature, so he averred.

As it was, his instinct told him when anything was amiss, and without stopping to think or reason over the matter he would check the blade at once, but to have a twenty-six inch blade of steel moving by machinery—he would rather be excused. It was heavy work certainly, alternately pushing and pulling that blade for hours at a stretch, but unless a strictly automatic feed could be arranged to the machine it would turn the cork cutting business into a fearfully dangerous employment.

The best priced corks are the tiny ones sold to the chemists for the ends of hypodermic tubes—minute little atoms that can be cut out of almost any scrap of cork, always provided it is of the best quality. There are not many cutters who can do such fine work.—London Globe.

Horrible

It is horrible to think of the PAIN and suffering which so many people endure, all because they don't know of, or fail to try, HAMLINS WIZARD OIL.

Suffering and pain wears out the brain and nervous system, and soon wrecks your physical and mental powers.

No need to suffer if you will only use this great, modern cure for pain, absolutely safe, soothing, curative and healing.

Used internally or externally, it goes like lightning to the seat of trouble, and, by allaying the inflammation, it drives out the real cause of all painful sickness and quickly makes you perfectly well. Price 50 cents and $1.00. Fully guaranteed.

For sale and recommended by

ALL DRUGGISTS

The Neva Free and Frozen.

Both a blessing and a curse to St. Petersburg is the river Neva. Upon its banks the most magnificent palaces are erected. The numerous islands are parks or pleasure grounds of the people and are filled with resorts that are thronged during both the winter and summer months. There is only one permanent bridge, the remaining being so constructed that they can be removed when the stream freezes over, as it usually does in November, when the teams and pedestrians pass over on the ice till April. The Jockey club holds its race meetings on the ice.

But when the spring thaw comes or when a strong northwesterly wind blows the water in from the sea several days in succession there is great danger of flood, for the city is not more than four feet above the mean level of the river. When a flood is coming the inhabitants are warned by the firing of guns. Ice jams are removed by dynamite, and the army is ordered out with axes. There is no way to prevent the floods that come with the winds.

"Science" in Everything.

There is much confusion in the popular mind as to the application of such terms as science, scientific, scientifically. A young gentleman from the university lately assured me that cricket is played more scientifically than formerly and that there is a premium of 5 per cent in favor of scientific whist as compared with ordinary good play.

A writer in a chess magazine refers to the royal game as "a science, and an exact science too." In a match at draughts the champion was said to have brought so much science to bear upon this play as to make thirty-one drawn games before one won game was scored. In the palmy days of the prize ring "the Pet of the Fancy" was said to display more science than "Ben the Bruiser."

In my younger days I visited Rosherville gardens, where a man dressed in Lincoln green offered me bow and arrows and invited me to shoot at a mark, observing that "archery is a pleasing science."—Notes and Queries.

A Dare-Devil Ride

Often results in a sad accident. To heal accidental injuries, use Bucklen's Arnica Salve. "A deep wound in my foot, from an accident," writes Theodore Schuele of Columbus, O., "caused me great pain. Physicians were helpless, but Bucklen's Arnica Salve quickly healed it." Soothes and heals burns like magic. 25c at all druggists.

NOTICE OF APPLICATION FOR SPECIAL LEGISLATION.

Notice is hereby given that application will be made to the Legislature of the State of Florida, at its session in A. D. 1905, for a new charter, or amended charter, for the City of Gainesville.

NOTICE OF APPLICATION TO THE LEGISLATURE FOR RELIEF.

Notice is hereby given that at the next session of the Legislature of the State of Florida the heirs at law of Allison J. Tinsley, deceased, will apply to the Legislature for relief by reason of the fact that the furniture and other contents of the residence of the said Allison J. Tinsley were burned in the year of 1882 while being fumigated under the supervision of the State Health authorities, thereby causing the said Allison J. Tinsley to incur a loss of $1,710.

This March 9th, A. D. 1905.

HILTON S. HAMPTON,
Attorney for the Heirs at Law of Allison J. Tinsley, deceased.

Attorneys Christopher Matheson and W. S. Broome went yesterday to High Springs on professional business.

Mr. and Mrs. H. F. Watts are rejoicing over the birth of a fine baby girl. Friends extend congratulations.

Don't be selfish; if you are using Blue Ribbon lemon and vanilla extracts tell your neighbor how superior they are.

Wanted—At once, good saw mill blacksmith and wheelwright. Call on or address C. E. Melton, Micanopy, Fla. d1w

Mrs. W. E. Dow departed yesterday for High Springs, where she will be the guest of friends for the next two or three days.

F. H. Clyatt, the merchant and all-round progressive citizen of Clyatt Station, was transacting business in this city yesterday.

W B. Higdon, traveling solicitor for the Mutual Life Insurance Company, departed yesterday for Ocala and other points on business.

E K. Anderson and H. McL. Grady, two of High Springs' prominent and successful young business men, were visitors to this city yesterday.

J. I. Griffin of Jonesville, J. E Haynesworth of Haynesworth and G Hartwell Kelley of Prairie Creek were visitors to Gainesville yesterday.

S E. Thomas, one of the progressive citizens of Windsor, was in the city yesterday. He called at The Sun office and renewed his subscription.

Strayed—One dark bay horse, five or six years old; one foot white, white spot in forehead and gray hairs across nose. Reward if returned to J O Elvington, Otter Creek, Fla d1w2

J B Gerald, State salesman for the New Home Sewing Machine Company, after a brief visit to his family here, departed for points in South Florida yesterday. He expects, however, to return here for Sunday.

J H Randolph of Leesburg, for many years the efficient traveling salesman for Chase & Sanborn's celebrated coffees and teas, Boston, was at the Brown House yesterday. Mr. Randolph is very popular in this section, and his friends are always glad to see him.

Mr Bartlett and family, who have been residing in one of the Baird cottages, West Orange street, have removed to the Cline House, South University street, recently vacated by S. M. Mixson and family. The family of Train Dispatcher Ford, who have recently moved from Jacksonville, occupied the Baird cottage at once.

Miss Bertie Brown of Halifax, N. S., who has been a guest of the Odd Fellows' Home for the past few weeks, has returned from White Springs, where she has been taking the baths for rheumatism. She was greatly benefited, and expects to return to that place today. Friends will be delighted at the information that she is greatly improved.

Dr. J. Harrison Hodges went yesterday to Waldo on professional business.

James Means, a trucker of McIntosh, was transacting business in this city yesterday.

S. B. Cathey, a prominent citizen of Lake City, was registered at the Brown House yesterday.

Mrs. Truss Denby returned yesterday from Georgia, where she has been on a visit to relatives and friends.

Dr. and Mrs. H. L. Montgomery of Micanopy were among those who favored Gainesville with a visit yesterday.

Nicely furnished rooms to rent en suite. For particulars apply on premises, Turner house, 207 West Liberty street. Most desirable location in the city. tf.

Taken Up—One black, blaze faced mare with one white hind foot. Owner can have same by calling at Edwards' Stables, identifying property and paying expenses.

Bart Corley of Ocala was in the city yesterday for a few hours. He was en route to Live Oak, where he will visit friends for a few days. Mr. Corley is a printer in the employ of The Ocala Star, and has many friends in this section.

Horses and Mules—I have a carload of horses and mules at Edwards' Stables. Among the lot are a few saddle horses and a number of strong, healthy, turpentine and farm mules. Will be sold at reasonable prices. Call and examine them. O. P. MORGAN.

Miss Lelia Johnson, a charming young lady of Atlanta, Ga., who has been spending the winter as the guest of Dr. and Mrs. J. H. Alderman, has returned to her home. This young lady, by her entertaining manner, made many friends while here who will be delighted to welcome her again.

The Denham home, East Church street, recently purchased by Major W. R. Thomas, is being greatly improved by a liberal application of paint. The color effect will be white with green blinds, no trimming, which will make it very attractive. The work is being done by Sternberger & Phillips, contractors.

Wanted—Bids to construct cesspools at county jail. Any persons desiring to bid may secure plans, specifications, etc., of the undersigned, Gainesville, Fla. Bids will be opened at the regular meeting in May, which will be May 2. The Board of County Commissioners reserves the right to reject any or all bids. C. C. PEDRICK, County Commissioner. d2w-w2t

Col. Deming Fitch of Madison, Wis., who has been a guest of the National Odd Fellows' Home for the season, left yesterday for Orange City, Volusia county, where he will spend a few days with an old friend. Col. Fitch is very much devoted to Florida, especially Gainesville, and himself and estimable wife have been regular winter visitors to this city for several years.

Wm. M. Bradford, city tax assessor, who has so faithfully served the city for the past year, and who was re-elected by a handsome vote on Tuesday, desires to express his thanks to the voters who so kindly and generously remembered him. It may be said with impunity that Mr. Bradford is one of the best and most accurate and conservative assessors the city has ever had, and his services are appreciated, as was demonstrated by the handsome vote.

READ THIS.

Stevenson, Ala., June 6, 1901.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very serious nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctors said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can say for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am

Yours truly,
W. C. DANIEL.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

TO REMOVE

FRECKLES AND PIMPLES

In 10 days, use

..SATINOLA..

The Complexion Beautifier.

SATINOLA is a new discovery, guaranteed, and money refunded if it fails to remove the worst case of Freckles, Pimples, Tan, Sallowness, Liver Spots, Blackheads, or any skin eruption in 20 days. Leaves the skin clear, soft, healthy, and restores the beauty of youth. Thousands testify to the merits of Satinola.

Miss Alice Lirette writes: Thibodeaux, La., Oct. 15, '04.—"For four years my face was completely covered with freckles and pimples. All remedies failed, until I used two packages of Satinola, which completely removed the freckles and pimples. My complexion is now perfect, and hope every lady having freckles or pimples will try Satinola." Price 50c and $1.00, by leading druggists, or mail.

NATIONAL TOILET CO., Paris, Tenn.

Sold in Gainesville by J. S. Bodiford & Co., J. W. McCollum & Co., W. M. Johnson and all leading druggists.

As will be seen elsewhere, the county commissioners are advertising for bids for the construction of cess-pools at the county jail, and all desiring to bid may secure plans and specifications, as well as other particulars, from Commissioner C. C. Pedrick. There will be four pools, and the material designated may be determined upon the relative bids, but must be of something durable. The board reserves the right to reject any and all bids.

NOTICE.

Having sold my interest in the Baird Hardware Co., I am no longer connected with that establishment. I beg to thank all who have patronized the house on my behalf. Very respectfully,

T. J. SWEARINGEN.

COME TO HEADQUARTERS.

PHIFER BROS.,

Phifers' Corner, Gainesville, Fla.

Dr. N. D. Phillips departed yesterday for Atlanta, where he will attend the National Anti-Tuberculosis League as a delegate from Florida. The convention will be called on the 17th inst., and will continue for three days. This is quite a compliment, not only to the distinguished physician, but to the city of Gainesville, since the appointments were limited. While in Atlanta Dr. Phillips will be a guest of his daughter, Mrs. Dr. Wilmer, formerly Mrs. J. A. Ammons.

H. L Hutchinson, the clever traveling representative of the National Packing Company, with headquarters in Jacksonville, was registered at the Brown House yesterday. Mr. Hutchinson was recently promoted to be manager of the Charleston branch of the company, but upon visiting that city and reviewing the situation, he decided to hold his present position. He is an ambitious worker, and commands one of the best salaries of any salesman on the road.

Among the visitors to this city yesterday was J. O. Elvington, the naval stores operator of Otter Creek, who made The Sun an agreeable and profitable call, having his name placed upon the subscription list. Mr. Elvington purchased a horse of Crawford & Davis in this city a few days ago, and en route to Otter Creek the animal succeeded in making its escape, and has has not yet been found. A description of the horse will be found in another section of this paper, as the owner is offering a reward for its return.

L. L. Sandburn and J. B. Brown of Chicago, who are spending the winter here and have considerable property, went to Prairie Creek yesterday prospecting for more property. While there is yet nothing definite, these gentlemen expect to establish a resort on Newnan's lake for the entertainment of the public, and are looking for a location. Mr. Brown owns valuable property at Windsor, but if a more desirable point can be found upon the lake he will endeavor to purchase the property and erect pavilions, etc.

Frightful Suffering Relieved.

Suffering frightfully from the virulent poisons of undigested food, C. G. Grayson of Lula, Miss., took Dr. King's New Life Pills, "with the result," he writes, "that I was cured." All stomach and bowel disorders give way to their tonic, laxative properties. 25c at all drug stores, guaranteed.
